

SAMPLE ITINERARY

Mongolia – Delger Muron River Float Trip

Day One

USA-ULAANBAATAR

Plan to arrive at the airport no later than 3 hours prior to departure.

(Please advise flight schedule)

Day Two

ARRIVE ULAANBAATAR

Upon arriving in Ulaanbaatar, proceed through Customs & Immigrations to baggage claim. You'll be welcomed by our local representative who will have a "FISH MONGOLIA" sign. They will coordinate your itinerary and your domestic airline tickets as they transfer to a local hotel. Spend the rest of the day relaxing or sightseeing in Ulaanbaatar. Overnight (meals on own).

Day Three

ULAANBAATAR-MURON-CAMP

This morning you will be transferred to the airport for your domestic flight to Muron (approx. 1-½ hours). Once in Muron, you will be driven overland by jeep the 3-½ hours to the camp at the river. For the first and last night, the fishing camp will use traditional Mongolian gers; felt tents wrapped around a collapsible wooden frame to provide the accommodation, dining and washroom facilities. Each ger accommodates 2-4 anglers. There is a washroom ger equipped with a wood-fired hot shower system and a restaurant ger for dining and relaxing. Meals include a range of delicious Mongolian and European dishes. Beer and soft drinks are provided at camp and are included in the trip cost. However, you should bring a supply of the liquor of your choice. Bringing liquor into Mongolia is not a problem.

Tomorrow you will begin your fishing float trip down river. The average taimen is around 32 inches and roughly 10 pounds. However, almost every day there could be chances at fish over 45 inches (approx 35 pounds). You will be accompanied during the day by one of the camp's Mongolian or Western guides, who will show the good fishing holes, select good flies and lures, and help you land and photograph your catch.

Day Four through Day Nine

FISHING ON THE DELGER MURON RIVER

After an early morning breakfast each day, you will set off with your guide to float down the river (about 60 miles over the week). Your inflatable raft will carry two anglers and a guide in surprising comfort. You will fish from the boats as you drift and stop at promising pools and do some wade fishing along the way. This is an unsupported float trip, everything you need for the week goes downriver with you, personal gear is stowed on your raft, while the crew raft brings the tents and supplies. Camping is comfortable, with tents for two to share, a dining tent, camp chairs and tables, toilet tent and simple shower. We often include a layover day mid-trip to spend more time on prime pools.

Day Ten

CAMP-MURON-ULAANBAATAR

This morning you will return to Muron to connect with your flight back to Ulaanbaatar. Upon arrival, you will be met and transferred to a local hotel. Overnight (dinner on own).

continued

Day Eleven

ULAANBAATAR-USA

At the appropriate time, you will be transferred to the international airport for your flight.

(Please advise flight schedule)
