Rainbow Bay Resort is one of the most luxurious, yet rustic, lodges in Alaska. Situated on the remote shores of Lake Iliamna, the lodge offers a quiet serenity and fantastic fishing seldom found. Each bedroom is spaciouly furnished with two queen size beds and a private bath for your comfort and convenience. The Lodge is constructed with logs and the interior is covered with cedar. You will spend your evenings in the spacious lounge while re-living your days fishing adventures and enjoying your favorite beverage.

Day Three through Day Eight

FULL DAY FISHING

After a hearty breakfast, you will fish the Iliamna/Bristol Bay drainages of Southwest Alaska. This area is the premier Rainbow fishing area of Alaska. Rainbows ranging up to 12 pounds are common. Bristol Bay is also the spawning grounds of all five species of Pacific Salmon as well as Arctic Char, Arctic Grayling and Northern Pike. Rainbow Bay Lodge is located only 15 miles from the Halibut rich salt waters of Lower Cook Inlet where halibut are regularly caught in excess of 100 pounds.

The majority of the fishing is stream fishing and is accomplished by wading. A typical week of fishing will offer a variety of fishing opportunities in which you can choose the majority of your daily fishing destinations. After a day of fishing, you return to the lodge to relax, enjoy dinner and overnight.
